Pratt & Whitney

A United Technologies Company

ATTN: Mr. I. Elliot
Inco Test
Holmer Road
Hereford, UK HR4 9SL

Dear Mr. Elliot:

Pratt & Whitney (P&W) has qualified Inco Test as a commercial laboratory for performing the following types of tests (Reference MCL Manual Section Appendix 56): Codes 1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 12, 13, 17, 18, 20 and trace elements 9Pb, 9Bi, 9Tl, 9Se, 9Te.

Pratt & Whitney Materials Control Laboratory Manual Section F-23 establishes controls for laboratory testing performed by P&W qualified laboratories. Compliance with these controls is necessary for continued qualification.

Continuance of the qualification also depends on maintaining facilities, procedures, equipment and controls to P&W standards, as determined by our periodic surveys. Qualification for types of testing not used on P&W materials, parts or processing for one year may be discontinued at the discretion of P&W.

Sincerely,

Alan Mastromatteo, Supervisor
Supplier Metallurgical Control
